

BRUNO SANTOS VIEIRA

FULL STACK DEVELOPER

+55 11 99271-7276

Osasco, São Paulo – Brazil

brunosvieira88@gmail.com

PROFESSIONAL SUMMARY

Full Stack Developer with solid experience working mainly with PHP, Laravel, Vue.js, and JavaScript. Skilled in building dynamic interfaces and efficient API integrations, with a strong emphasis on code quality, collaboration, and continuous improvement using Git/GitHub and Postman. I maintain an active portfolio showcasing real projects and applications at bruno-codes-5faa74deced4.herokuapp.com, demonstrating practical implementation of modern web technologies and responsive designs that reflect my ability to deliver tangible, well-structured software solutions.

EXPERIENCE

04/2023 – PRESENT | INNOVARE TI

Full Stack

I develop full web applications covering both front-end and back-end using Laravel and Vue.js, delivering scalable and maintainable solutions.

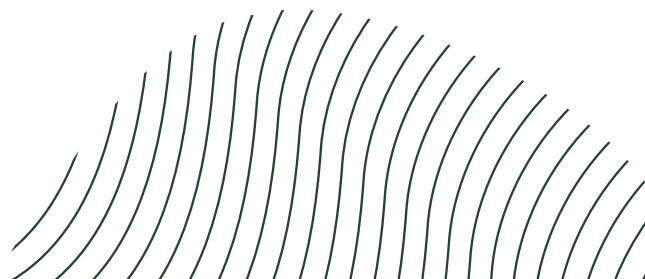

- Improved overall application performance by optimizing backend logic and API integrations.
- Reduced system errors through structured API testing with Postman, increasing reliability and stability.
- Supported internal teams and end users by maintaining and enhancing existing features.
- Worked on systems used by multiple clients and internal stakeholders, ensuring smooth user experiences.
- Collaborated with cross-functional teams using Git/GitHub, following agile best practices.

03/2022 – 10/2022 | TRADEUP GROUP

Full Stack

Worked with Level 2 technical support and agile development, contributing to system stability and continuous improvement.

- Improved system performance by developing and maintaining features using PHP and Laravel.
- Reduced recurring issues by troubleshooting backend logic and optimizing MySQL queries.
- Supported users by resolving technical issues and ensuring system availability.
- Worked on systems used daily by operational teams, improving usability and reliability.
- Developed responsive interfaces using Bootstrap, CSS, and HTML.

EDUCATION

GRADUATED | ANHEMBI MORUMBI UNIVERSITY

Systems Analysis and Development

2023-2025

SKILLS

Management systems • Administrative software • Time management • Adaptability • Team collaboration

TECHNICAL SKILLS

PHP | Laravel | Vue.js | JavaScript | MySQL | Tailwind | Bootstrap | HTML5 | CSS | Java | Python | Spring Boot | Scrum | TypeScript

LANGUAGES

English: Upper-Intermediate (B2), progressing to C1

French: Basic knowledge (actively improving)

COURSES

Professional Development – Alura

Backend Development

- PHP Fundamentals (Syntax, Data Handling, Loops, Arrays & Strings)
- Object-Oriented Programming with PHP (Classes, Methods, Attributes)
- Advanced OOP with PHP (Inheritance, Polymorphism, Interfaces)
- PHP Exceptions & Error Handling
- PHP with TDD (PHPUnit)
- Laravel (Emails, Asynchronous Events, File Uploads, Testing)
- SQL with MySQL (Queries, Data Manipulation)
- MongoDB (NoSQL Databases)

Frontend Development

- HTML5 & CSS3 (Layouts, Forms, Tables, Advanced CSS)
- Bootstrap (Responsive Single-Page Applications)
- Tailwind CSS (Utility-First Styling)
- JavaScript (Core Language & Web Programming)
- Web Accessibility (Inclusive Design Principles)

Web & Internet Fundamentals

- HTTP (How the Web Works Under the Hood)

Programming Languages

- Java (JRE, JDK, Object-Oriented Programming)
- C (Programming Language Fundamentals)
- Dart (Syntax, Collections, Object-Oriented Programming)

Frameworks & CMS

- Django (Models, Routes, Views)
- WordPress (Elementor, Figma, Responsiveness, Plugins)

Data & Productivity

- Excel Fundamentals
- Excel Advanced (Pivot Tables, Validation, Advanced Functions)

Foundations & Tools

- Computational Thinking & Programming Logic
- Windows Command Line (Command Prompt)

Career & Emerging Technologies

- AI Specialist Career Path – Foundations & First Steps
